2. The above list includes all registered Party activists, of whom two thirds are inactive and belong to the Party in order to retain their jobs. Party leaders are themselves inactive and unenthusiastic. The meetings held in city sectors usually are not well attended.
3. The Koper Communist Party is unable to meet its daily expenses. Members do not pay their dues, while Party leaders make frequent trips and use great quantities of gasoline which is expensive. VUJA has been forced to make up the deficits incurred.
